

Director, Benefits and Wellness

Broward Health

Fort Lauderdale, FL

As the primary champion for Broward Health's wellness initiatives, the Director, Benefits and Wellness is responsible for the implementation, administration and communication of all benefits and wellness programs/policies/procedures and partners with leadership and third party consultants to ensure Broward Health's benefits and wellness programs are competitive and cost effective. The Director, Benefits and Wellness provides counsel and supports active employees and supervisors, along with terminated employees, retirees and Board Members on eligible benefits which may include medical, dental, vision, flexible spending accounts, life insurances, short term disability, long term disability, worker's compensation, pension plans, savings plans, long term care, employee discount programs and all other benefits. The Director, Benefits and Wellness investigates new programs, improves existing programs, and supervises and monitors the administration of benefits and wellness initiatives as well as provides analytical and technical support in the delivery of the benefits and wellness programs.

Requirements:

- Bachelor's Degree;
- 7-10 years of experience
